Cornelia Chirila
Full Stack Developer

Personal Profile

I am a web developer passionate about technology and how the collaboration between humans and algorithms can improve the quality of life.

After years of working in the customer service industry, I needed a challenge and I decided to change my career path. As I have a degree in Informatics I joined the Le Wagon bootcamp to learn the latest and most relevant technologies to develop web applications through real world projects

- A can to attitude

Relevant experience

Le Wagon Full-stack Ruby on Rails Bootcamp (April 2020 - June 2020, London) - 9 weeks intensive coding bootcamp learning and coding with Ruby on Rails, HTML5, CSS/SCSS, Bootstrap, JavaScript ES6, jQuery, SQL, PostgreSQL, MVC, OOP, git, GitHub and Heroku. During the course I completed the following projects:

- Hello World - was my pitch product for the final project and is a social platform for developers that allows the users to share resources, advice and experiences through posts or comments.
  The web app was developed from scratch in a team of four **using DB Relational Schema, Figma, Whimsical Flowcharts, Ruby on Rails, JavaScript ES6, HTML, SCSS, Bootstrap, Claudinary and deployed on Heroku** .

- Find a flat - In a team of four, within a week we launched an AirBnB clone web app for renting/letting apartments, using **Ruby on Rails, HTML, CSS, Bootstrap, MVC, PostgreSQL, GitHub, Heroku, Claudinary and Figma.**

Work experience
